**MANUFACTURERS' REPRESENTATIVE SINCE 1957**  
[www.proctorsales.com](http://www.proctorsales.com)

### **Senior Service Technician— Portland, OR**

Proctor Sales Inc. is the leading manufacturer's representative for commercial and industrial products in Alaska and the Pacific Northwest. We've been in business over fifty years and have become a diversified, progressive company with offices and opportunities for career growth in Anchorage, Portland, Spokane, and Seattle. We represent top tier manufacturers of boilers, pumps, burners, hydronic and steam equipment to engineers, contractors, and facilities.

Proctor Sales Inc. is seeking a Senior Service Technician to join our Wilsonville, Oregon office.

Qualified applicant must have a good working knowledge of steam and hot water boilers, burners (gas, oil & combination), associated controls and electrical circuits, combustion, and associated system piping. Must be able to troubleshoot and perform start-up and combustion tests with various manufacturers' equipment principally (Hurst, Babcock-Wilcox, Weil-McLain, Laars, Aerco, Riello, Weishaupt, etc.) as well as other manufactures and types. Experience with linkageless combustion systems would be an asset (Siemens LMV, Autoflame, Honeywell ControlLinks, etc.).

A full position description will be provided to qualified applicants upon receipt of their resume, but an applicant having the experience we seek will already be familiar with most of the job functions.

This position offers excellent compensation (based on the experience of the applicant), possible relocation allowance, excellent benefits, (401K, paid vacation, paid holidays, health & dental insurance, etc.)

This is a permanent, full-time, challenging and rewarding position offering the opportunity to be part of an exciting and successful, growth-oriented organization.

#### **Principal Responsibilities:**

- Work with engineers, contractors and end users in a professional manner.
- Commissioning and tuning of complete boiler room equipment.
- Mostly combustion and commissioning work
- Refractory and pipe-fitting experience is a plus.
- Project management of boiler and burner retrofits
- Work in the field approximately 90% of the time. Primary geography is driving distance from the Portland metro area, but also includes occasional overnight travel.

#### **Qualifications:**

- Oregon Class 3 boilers license (or the ability to attain one)
- Minimum experience of 5 years with burner tuning and commissioning experience.
- Must be able to communicate efficiently and effectively with customers and team members.

- Must have good communication skills, with written and verbally, with the ability and willingness to work in and foster a team atmosphere.
- Must have good knowledge in applying the customer's parameters to the criteria of our various products including boilers, burners, boiler accessories and flue stacks.
- Associates degree or Bachelor's Degree preferred, with allowance for practical field experience. Additional technical training and factory certificates a plus.
- Must have strong language skills as well as industry specific vocabulary.
- Must be well versed in the processes of sales, customer visits, specifications and sales marketing.
- Must have strong computer skills.
- Familiarity with welding, pipe fabrication, assembly, construction a plus.
- Strong attention to detail, follow-through, and customer service skills.

Proctor Sales offers:

- Comprehensive benefits package including medical, dental, vision and 401K plan
- Factory training and support offered
- Advanced computer and information system tools provided
- Dynamic team environment
- Opportunity for professional growth
- Competitive and comprehensive compensation package
- Traditional paid holidays
- A fun place to work with great people
